

Advance-Nilfisk Parts

Advance-Nilfisk Part - Think about how long and tiresome it would really be to clean-up right after a party, with out help from equipment. Previously, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the best cleaning products at the time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After starting his business during the year 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the beginning was to have a global business selling goods globally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single individual. This creation came in a time where various cleaning equipment were huge and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; stuff get filthy and must be cleaned on a regular basis, without a lot of effort.

Gradually, the company Nilfisk-Advance expanded through the years. During the early nineteen eighties the business expanded fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the trade, aspiring to be an active worldwide player in producing professional cleaning machines. Nilfisk-Advance is now represented in all parts of the world due to gradually obtaining many small companies in order to grow their product range and presence in new markets. They are proud to provide various cleaning solutions to fit each requirement.
