

TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of each and every global industry. Transporting industrial goods happens each and every day on our hectic world. Initially innovated as industrial vehicles in the 1930s in the United States, lift trucks gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread internationally.

Initially founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. prior to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first forklift. Throughout the years, TCM lift trucks have become a global leader in lift truck manufacturing and have built a solid reputation in the industry. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes various models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
